Purchasing an iPad

Cambridge Primary School is a 1:1 iPad school established since 2013. This year we have partnered with JB HIFI Solutions and they will be providing an online portal allowing parents to purchase iPads with an education discount.

Alternatively, you have the option to Bring Your Own Device (BYOD) which we will support to the same extent as previous JB HIFI purchased iPads. If you choose to bring your own device, we recommend an iPad with these minimum specifications:

- 32GB storage or above
- iPad Air 1, 2, Mini 3rd/4th Gen or Pro

There are many different ways to obtain iPads, however we advise that you purchase from a trusted or premium Apple Reseller.

Recommendations, if you’re looking at alternatives other than the JB HIFI portal, are listed below:

**Apple Refurbished Online Store**

http://www.apple.com/au/shop/browse/home/specialdeals?afid=p238%7CsaYUJpYTD-dc_mtid_18707vxxu38484_pcrid_76714806142 &cid=aos-au-kwg-brand-slid-

Apple has refurbished products (Mac, iPads, iPhones and AppleTV) available to the general public which are tested and certified with a 1-year warranty.

**Apple Certified Refurbished Products**

- Quality products at great prices
- Rigorous refurbishment process prior to sale
- Covered by Apple’s one-year limited warranty
- Covered by Apple’s 14-day returns policy
- **AppleCare** product can be purchased
- Supplies are limited

**Third Party Sellers (eBay, Gumtree, local advertise or Amazon)**

Please be cautious when purchasing a device from a third party, it may not contain warranty or potentially set in ‘lost’ or ‘locked’ mode and will not work without credentials.

We strongly discourage purchasing an older iPad model eg: iPad 2/3/4 (3rd/4th Generation models) as Apple are phasing out older devices in Education by reducing compatibility with MDM, iOS, and new Apple initiatives.

Therefore, we recommend purchasing iPad models Air 1, 2, Mini 3rd/4th Gen, or iPad Pro, this will ensure you the longest lifetime for your iPad.

You may get an iPad at a cheap price but it may not be the original screen or warranty is voided meaning that Apple will not service the product in the event anything goes wrong with it.

If you wish to discuss these options further, or are experiencing financial hardship, please make an appointment to speak to **Nadia Bettio (Principal)** or **Samantha Kelly (Business Manager)**.
PLEASE NOTE
You will need an internet connection to make purchases through the online portal.
We recommend using web browsers such as Internet Explorer, Google Chrome and Safari for any online purchases.

Access to JB HIFI Solutions Online Portal

Step 1 – Visit the following website link below.

Step 2 – Please enter the follow credentials to browse school program.

Password: Cambridge2017

Click on the button ‘Shop Now’.
Step 3 – Select Program: **Year 1-6 iPad Program.**

[Then select Store Pickup]

[Then Select Device]
Step 4 – Select the Base Unit. 128GB recommended.

Step 5 - Select Accessories. We recommend AppleCare for any iPad purchase.
Step 6 – Fill out all personal details.

Step 7 – Please double-check all personal information is correct.

[Please check ‘I have read and agreed to the terms and conditions’ and Proceed to Payment]
Step 8 – Select payment options.

If selecting **Once Credit**, you will be redirected through the portal to fill out additional information required.

Once your payment method has been selected, you’ve completed the checkout process and will receive a confirmation email.
## Key Dates

</tbody>
</table>

* These prices are the current price update from JB HIFI Education as of 3-10-2016. Prices may subject to change
* Please note: pricing does not include AppleCare or Accessories.
* All Prices Inc. GST

Options are available through an Interest Free term with **Once Credit** which will be available when the Online Portal will be open to families as of **3rd October 2016**.

**AppleCare Protection Plan** can only be selected at the time of purchase.

We highly recommend any iPad should have this service attached for warranty purposes. In the event of an iPad being damaged, it would be covered through any Apple Reseller as a replacement within the warranty period (Valid x 2 replacements) with an excess of $65 AUD.
