CURRICULUM FRAMEWORK

Rationale
Curriculum covers all the arrangements the school makes for students’ development and learning. It includes the course content, student activities, teaching approaches, the way in which teachers and classes are organised and decisions on the need for and the use of facilities and resources.

Our school encourages its students to strive for excellence in all of their endeavours. To achieve this, the school provides sequential teaching and learning programs that deliver a comprehensive, broadly based and inclusive curriculum.

Each year the school will map out its curriculum offerings. It will be in the form of a Curriculum Plan (see Appendix A).

Guidelines
- Our school will recognise and respond to diverse student needs when developing its curriculum programs and curriculum plan (see Appendix A).
  - Our school will comply with all DEECD guidelines about the length of student instruction time required in Victorian Government schools.
- There will be a broad offering of programs to meet the demands of students. The AusVELS will be implemented from Prep to 6 at our school.
- The Department of Education and Early Childhood Development places a high priority on the teaching of Physical and Sport Education, LOTE and EAL. Our school also places a high priority on the teaching of these learning areas.
- School curriculum programs are designed to enhance effective learning.
- Preparing young people for the transition from school into further education and careers is a critical element in OUR school program.
- Teaching and learning programs will be resourced through Program Budgets.

Program
- Our school will provide a variety of programs that will address the specific needs of students in relation to gender, special learning needs, disabilities and impairments, giftedness and students from language backgrounds other than English.
- Our school will identify and cater for the different needs of particular cohorts of students when developing its curriculum plan.
- Our school when developing its Curriculum Plan will provide at least 25 hours student instruction per week. (http://www.eduweb.vic.gov.au/edulibrary/public/schadmin/environment/4-3.pdf)
  Each teaching team will develop comprehensive Term planning documents based upon AusVELS.
- Input will be sought from the relevant staff in teaching teams when determining programs for the following school year.
- AusVELS will be used as a framework for curriculum development and delivery from Prep to 6 in accordance with DEECD policy and guidelines.
  - To facilitate this implementation, term planners, work programs, assessment criteria and record keeping pro-formas will be produced that reflect the Australian Curriculum and AusVELS.
  - The DEECD requirements related to the teaching of Physical Education, Sports Education, LOTE and EAL will continue to be implemented.
  - The use of Information and Communications Technology (ICT) will be integrated across the curriculum to support the improvement of teaching and learning outcomes.
  - In developing its curriculum plan the school will provide a broad range of educational pathways to ensure improved student outcomes.
- Curriculum leaders will be required to review their policy statement and prepare a comprehensive annual program budget and submit these to the School Council Finance Committee.
- The Leadership team will meet regularly to track whole school data and identify potential curriculum areas that require focus. Data analysed will include, but is not limited to, NAPLAN, On Demand, school based testing, teacher judgments based on learning outcomes in the Australian Curriculum and AusVELSs.
- An external web based data collation portal will be utilized to support data interpretation.
- Student learning outcomes data will be reported in the Annual Report to the School Community provided to the DEECD, and also available on the State Register maintained by the Victorian Registration and Qualifications Authority and on the school website.

Curriculum Plan – including time allocations

**Years Prep -6**

The curriculum is based on the Aus/VELS standards. The timetable is structured on a weekly basis. Each session is 60 minutes. The breakdown of the weekly cycle is as follows:

<table>
