Dear Parents and Carers,
Welcome back to the final term of 2015. Congratulations to all Hawthorn supporters and commiserations to all those West Coast supporters.

It seems like only yesterday that we started the year and here we are heading into the final straight.

Whilst term four is always incredibly busy please remember that it is really important to finish strong! Continue to listen to your children read every night and ensure they come to school EVERY DAY so they can make the most of every single learning minute.

It seems like only yesterday that we started the 2015 school year and here we are now planning for 2016. We are currently in the process of beginning to organise classes for 2016. If you are leaving the area and your child will not be attending Cambridge Primary School next year, please let the office know so we can plan using accurate student numbers. If you have a prep child starting next year, these enrolments should have already been finalised but if not please get these in as soon as possible. Our grade structures are currently being planned based on our projected numbers and after this we will be placing students into grades and then assigning teachers to classes. When we place students in classes we are looking to create the best learning environment for all students. Our decisions focus heavily on educational outcomes and overall group dynamics. Our criteria for placing students are:

- Educational needs/outcomes
- Behavioural needs/outcomes
- Overall group dynamics – creating a positive and supportive group
- Friendship needs – if relevant in supporting student learning

If you have any information about your child’s educational needs that you have not already discussed with their class teacher please let me know in writing no later than October 16th.

This process is designed to gather information in order to create a positive learning environment for all students. It is not a process for self selection of classmates or teachers. Thank you for your continued support of this complex process.

Please remember we have an information session in the gym foyer next week Monday 12th October for grade 3 families regarding the 1-1 iPad program for next year. Sessions are being run at 11:15am, 2:15pm and 6:30pm.

Have a great week. Nadia
Social and Emotional Learning – Everybody’s life has ups and downs

Adults sometimes look back on their childhood as a time when they were always happy, but life’s ups and downs are a part of childhood too. Children need to build resilience skills to be able to both enjoy good times and deal with hard times. Helping children learn how to manage life’s ups and downs and build their coping skills supports their mental health and wellbeing now and into the future. Feeling good protects mental health and wellbeing.

Did you know that experiencing positive emotions such as joy, pleasure and having fun are essential experiences for building and maintaining a healthy mind across our whole lives?

Skills and qualities that help children cope with life’s ups and downs

- **Trust** - that the world is safe and that there are caring people to help them.
- **Belief** - in their ability to do things for themselves and achieve their goals.
- **Feeling good** - about themselves and feeling valued for who they are by their parents and carers.
- **Optimism** - that things generally turn out well.
- **Regulation** - Ability to manage their feelings, thoughts and behaviours

The school has employed a new handyman. We welcome Mario Meilak to our school community.

**Hats On** - Our students will be required to wear a hat before venturing outside to play between now and April 30th.

**Are sun hats needed all year in Victoria?** ([www.sunsmart.com.au](http://www.sunsmart.com.au)) - Sun protection is needed whenever UV levels reach 3 and above. In Victoria average UV levels are 3 and above from September to the end of April so a combination of sun protection measures are needed for all outdoor activities during these months. From May to August average UV levels are below three so it's a good time to get some winter sun and vitamin D. Check the SunSmart UV Alert to see daily forecast UV levels and the times sun protection is or isn't required.

**School Photos – Year 6 and Family Photos – Wednesday October 21st**

Year 6 students will receive envelopes shortly to indicate whether they wish to have a school photo taken this year. **Families who wish their children to have a photo together please collect a Family Photo envelope from the school office between office hours.**

**2016 Prep Transition program** – The school will be commencing iton October 20th. If you know of a family who lives in our neighbourhood who has not yet enrolled their child at the school please inform them that they need to enrol their child asap so they do not miss out on the transition experience.

**Holiday projects** - Over the school holidays our school had several classrooms re carpeted along with the Principal and Assistant Principal offices. Painting and other repairs were also carried out over the holidays.
Think like a writer, 
act like a writer, 
become a writer…

This year the staff at Cambridge Primary School has focused on the teaching and learning of writing in line with our Strategic Plan. At a curriculum day in Term 2 we welcomed a writing consultant, Brenda Leonard, to talk to us about the 6+ Traits of Writing model. This model is about establishing a common vocabulary that captures the key characteristics of writing and using it as a foundation for writing instruction. It allows for a language, which can be shared and understood by both teachers and students to communicate about writing, to be established from Prep to Grade 6. It also allows teachers to foster the teaching of how to craft a piece of writing – to think like a writer, to act like a writer, to become a writer. The traits are Ideas, Voice, Sentence Fluency, Word Choice, Organisation, Conventions and Presentation.

Each fortnight the teaching staff and pre service teachers attend professional learning sessions after school. The current focus is on further developing our knowledge of the 6+ Traits of Writing.

In each newsletter for this term we will be including some information about each trait so that we can share with our community the information our students are learning to help them to become even better writers.

This week’s trait is **Ideas**. Ideas are collected in a writer’s notebook. A writer’s notebook is a place for students to record ideas, images, and thoughts. It is not a Dear Diary type of notebook nor is it a journal. It is a place to put artefacts and ideas that will spark interest for later writings.

Ideas are the heart of the message in the writing. They are what we have to say and the reason we are writing. To write well, it is important for us to really know about our subject. It is either connected with our own experiences or else we have researched the topic thoroughly.
PLT 1

Welcome back Grade 1! We have an exciting term of learning planned in grade one. This term our unit of inquiry is ‘How people’s lives differ, depending on where they live’. We will be learning about how places change over time, how the location of where you live affects your way of life and we will also be completing a Flat Stanley project. Flat Stanley is a story about a boy who becomes flat so his parents send him around the world. He writes letters from the places he visits explaining his experiences. In writing, the text types we will be covering are narratives and personal writing. Narrative writing fits in really well with our inquiry unit. In reading, we will continue to work on the café focuses and make links to our writing focuses as well. In mathematics, we have a range of strategies we will be working on such as, place value, counting strategies, currency, patterns, time and much more. We have an exciting excursion on 24th November to The Sun Theatre in Yarraville. We will be taking one parent helper per grade, so, if anyone is interested please let your child’s teacher know. We also have a busy week of swimming commencing 30th November. We are looking forward to a fantastic term of learning in grade one.

PLT 2

Welcome back to term four everyone! We hope you all had a wonderful and relaxing break and are ready for an exciting term! Term four is going to be another busy and productive term for the Grade 2 students. Through our inquiry of ‘How do objects move or change shape?’ the students will be exploring ways that objects move on land, through water and in the air. They will also explore how the different strengths of pushes and pulls affect the movement of objects.

In Literacy to support our inquiry, we will be learning the features and structure of persuasive and procedural texts. We will continue to work through the CAFÉ menu (comprehension, accuracy, fluency and expanding vocabulary) to help develop the important reading strategies we need in our lives.

In Numeracy we will be continuing our learning of place value, addition and subtraction, multiplication and division, time and problem solving.

A few events to remember are:

* End of year excursion to the Sun Theatre will be on Thursday 26th November (more details to come later in the term)

* Swimming for the Grade 2s will be from the 7th – 11th of December at Paul Saddler Swim School. Just a reminder that students will continue to have four spelling words each week to practise and learn every night using the Look, Say, Name, Cover, Write, Check method. They will complete their test of these words on a Friday. Also, students are expected to read for 10 minutes each night from their take home book and record this in their R.E.A.D. I.T Home Reading book. Don’t forget to utilise the iPad applications Mathletics and Literacy Planet that we are subscribed to.

We look forward to another successful term together!
PLT 3

In Term 4, Grade 3 will be studying an inquiry unit titled “Celebrations”. Our overriding inquiry question is “Why do different cultural groups have special days that they observe?”. Our key understandings will be learning about the significance of the various traditions, comparing and contrasting with ones they themselves observe as well as the importance of respecting different cultures. This unit will include a special event later in the term. More details will be given about that in the weeks to come. In Literacy, we are commencing a unit on Information Reports. This ties in nicely with our Inquiry unit as we will read and write Information Reports about celebrations. In Numeracy, we will be including a specific focus on Problem Solving this term. This will be carried into all of the strands of numeracy with the goal of teaching the students how to use maths skills in real life situations. In other news, our Bunjil Statue is complete and will be officially unveiled shortly. The grade 3 students who volunteered to work on the statue did an incredible job! Thank you to Mrs Stanley and Ms Narres for hosting the workshops and to all of the students who participated! We are looking forward to seeing the masterpiece displayed proudly in the office foyer. Our composting program continues this term and our grade level is taking the lead with this, ensuring it is a successful program that eventually can be spread across the rest of the school. We look forward to an enjoyable and productive term of learning!

PLT 4

In term three we had the opportunity to celebrate Footy Day. It was a terrific day for the school and it was fantastic to see the students dressing up to support their different teams. Our students participated in a variety of footy relates Numeracy and Literacy activities and enjoyed cheering for their team at assembly.

For our inquiry unit this term, the Grade Four students will be exploring ‘How do our actions, past and present, impact the environment? Here students will be focusing on areas such as sustainability, protecting the environment and the features of their local community that have changed over time. The Students will develop an awareness and understanding of the effects of people’s interactions with their environment and the ways in which these affect their lives.

Also this term, the Grade Fours will be participating in Bike Ed and a reminder for students to bring their bikes and helmets every Friday for the four weeks.

Another friendly reminder to please return the Medical information forms for our upcoming stay at Camp Oasis as soon as possible.

Have a fantastic term
Grade 4 Team

PLT 5

The teachers and students of PLT 5 are looking forward to a busy and productive final term. During the term we will be focussing on two inquiry topics. Our first will be examining our understandings and ties with our neighbouring Asian countries. We will have many opportunities to compare and contrast the cultures of Australia and Asia.

As our students complete their final term before they return as the student leaders of the school, we will be completing a unit on Leadership. This unit will aim to develop the leadership skills which will be needed for the many roles the students will have the opportunity to undertake in Year 6.

Our students will also take part in Bike Education this term. Mr Sowter will provide more details later in the term. As the term has begun with unusual high temperatures, we remind you that students need their hats everyday this term and that bike shorts and netball skirts are not a part of our school uniform.

Pennie Hazell and the Year 5 team

PLT 6

Wow! The final term of the students’ primary schooling is here. In eleven weeks they will have finished primary school and be preparing for secondary school. Along with the continuation of our usual learning program, the Year 6 Six team changed classroom practices and lessons that assist with the transition to secondary school. The inquiry unit focus for this term is Asian Studies.

A reminder that Graduation for the 2015 Year 6 cohort is on Wednesday 9th December, 2015. This is an early evening function followed by a disco for the students. Notices regarding the details will be sent home with the students in the next 3 weeks. As a way of celebrating the end of the year, an excursion will be held on the Thursday 17th December to Adventure Park in Geelong with the expectation that all students will attend.
TERM 4 IN THE MAIN ART ROOM

Preps, PLT 1, PLT 2 It is going to be another busy, fun filled term in the Back Art Room with Mrs McArthur and Miss Mason. Prep children will be continuing with mono-printing, creating a rainbow fish mixed media piece and working on textiles skills, including winding thread and learning weaving skills as preparation for sewing. Grade one and two children will also be developing their textiles skills. Grade ones will be learning how to do the running stitch using plastic needles and wool. They will be creating a fish scene on hessian, showcasing a running stitch border and using felt and sequins to create a fish. Grade two children will be learning how to weave paper. Once they have mastered that, students will be using wool to weave CDs. As always, we appreciate any donations of CDs, boxes, containers and lids that we can recycle in our artwork. If you are able to help out in the art room or have a special skill you would like to share, please let us know. Lastly, just a reminder that all children need to have their own art smock at school.

PLT 3 students will be working with clay, then finishing their stitching on fabric and making a mixed media collage based on food!
PLT 4 students will be painting their picasso - ish clay faces, continuing to make looooong pieces of knitting on the different sizes knitting nancies, mixing paint colours and cutting out shapes to go on top of their paintings.
PLT 5 will be continuing to work on stitching their minecraft selfies, making a collage with different types of cardboard, making prints and rubbings and drawing faces using the correct proportions. :)
PLT 6 will be glazing their tiles for our grade 6 clay tile installation, completing construction of their King or Queen, painting in monochromatic tones and drawing and painting their version of Chinese Ming vases. :) 

ART SHOW DONATIONS
Thank you for all the Art room donations that continue to roll in.
We currently need “arty” bits and pieces to add to our raffle prizes for the art show. Things like, packets of coloured pencils, packets of textas, packets of coloured paper, sketch pads, fancy rubbers, rulers, stencils, watercolour paint trays, brushes, small canvases, etc, etc, etc. The more items we receive, the more

The ART SHOW is COMING! 23rd/24th OCTOBER 2015
ART SHOW UPDATE

ART IS ALIVE @ CAMBRIDGE PRIMARY SCHOOL

Congratulations to Crystal in Grade 6 for winning the Cambridge PS Art Show Poster Competition. I’m sure everybody agrees that Crystal's drawing was outstanding!

The Cambridge PS Art Show will be held in and around the old gym and the canteen will be open serving yummy food including Devonshire Teas. The aim of the Cambridge PS art show is to put at least one artwork from each student on display to create a whole school gallery demonstrating a range of techniques and skills from our amazingly artistic students from Prep to Grade 6. We lost count at 2,500 artworks on display at the last art show. I wonder how many will be on display this time???

All student artwork will be for sale at the Cambridge PS Art Show at $2 per piece! A red dot will then be placed on the artwork to indicate that it has been sold.

We will have a raffle with lots of “ARTY” prizes to be won! Raffle tickets will go on sale next week.

There are going to be workshops available on the Saturday of the art show for those students from Prep-Grade 6 who are interested. The workshops will cost $2 to attend and will go for 50 minutes. You will need to fill in the attached form to nominate the workshop/s you are interested in. There will only be space for a maximum of 20 students per workshop so if you want to attend you will need to get your form back in quickly. Please note that these workshops are only open to Cambridge PS students.

LOOKING FOR HOST FAMILIES FOR OUR 2016 KOREAN HOST STUDENT VISIT

Following the very successful student exchange program this year, Cambridge Primary School has been given another opportunity to host 20 students and three staff who will be visiting from South Korea in February 2016. The students will be taking part in a short-term study program which consists of English as a Second Language learning and integration into normal classroom activities at our school. The students and teachers will be staying with host families from the school community.

We are seeking expression of interest from our school community to host students for the three weeks.

Host families:
- Must ensure they provide a safe and comfortable living environment suitable for students, with appropriate study facilities
- Must ensure that frequent visitors to the home over 18 years old obtain Working With Children Checks (WWCC)
- Should participate in a briefing session with the school prior to the students’ arrival to develop their knowledge and understanding of issues relating to the visiting students
- Must immediately report any critical or serious incidents involving a student to the Principal
- Are required to work in partnership with school in monitoring and supervising students
- Will have the responsibility of taking the student to and from school and provide other transport needs
- Ensure that students are provided with three meals a day, seven days a week, with appropriate quantity
- Ensure that they brief the student on the following: Travelling to and from school arrangements, Meal times, safety issues and assist them in developing awareness of risks and dangerous situations, such as traffic rules, family’s emergency procedures, eg. Emergency evacuation location etc.
- House rules such as access to television and internet.

Students will be transported to and from the airport to Cambridge Primary School and will participate in normal school activities during the day, as well as specific English classes. Each Saturday during their stay the Korean students and staff will go on an organised excursion and they will spend time with their host families on Sundays.

Students speak a little English and are to be hosted in pairs – so they can keep each other company – and families are paid $250 per student per week.

This is an excellent opportunity for our school community to open up our homes and school to our global neighbours and to learn from and about each other. If you think you might be able to host two students in February next year please call into the front office and ask for an expression of interest form and return to school by Friday November 27th 2015.
Meet the Principal Award Winners

PHYSICAL EDUCATION NEWS ~ Dain and Glenn

Prep: This term in Physical Education the prep student’s will participating in the following units: ball bounce, throw and catch.

Grade 1: This term in Physical Education the grade 1 student’s will be participating in the following units: ball bounce, hot shots tennis, throw and catch.

Grade 2: This term in Physical Education the grade 2 student’s will be participating in the following units: ball bounce, hot shots tennis, throw and catch.

Grade 3: This term in Physical Education the grade 3 student’s will be participating in the following units: basketball and soccer.

Grade 4: This term in Physical Education the grade 4 student’s will be participating in the following units: basketball and soccer.

Grade 5: This term in Physical Education the grade 5 student’s will be participating in the following units: European handball and golf.

Grade 6: This term in Physical Education the grade 6 student’s will be participating in the following units: European handball and golf.

District Athletics:
On Tuesday the 15th of September, the Cambridge Primary School athletics squad attended the Hoppers Crossing district athletics carnival. All our students who attended performed really well and represented the school with pride. For the first time in the school’s history Cambridge Primary School won the District Athletics! Congratulations to all the students who jumped, ran or threw on the day.

22 Children represented Cambridge Primary School at the Wyndham Division Athletics Carnival with 16 children being selected to participated in the Western Region Athletics Championships next Tuesday.
COMMUNITY CORNER

BOP IT!
Casual classes of fun, fitness and funky dancing!
Starting 9th of October
Friday Nights @ Iramoo Community Centre
84 Honour Ave, Wyndham Vale
$10 per class
6pm - Under 12 years
7pm - Over 12 years

OCT 17
11am to 3pm
**ITALIAN NEWS**

**Grade Prep**

**Italian**

This term Prep students will continue to develop their Italian vocabulary of greetings, numbers, colours etc. through songs, games and other cultural performances. Integrated with their class inquiry children will explore the family members in Italian, the Italian alphabet and cultural aspects of how Italians celebrate Christmas.

**Grade 1**

**Italian**

This term grade 1 students will continue to develop their Italian vocabulary of greetings, numbers, colours, days of the week etc. through songs, games and cultural performances. Integrated with their class inquiry of journeys, children will explore a trip through Italy – exploring famous sights, people and other cultural aspects. Children will also be looking at the cultural aspects of how Italians celebrate Christmas.

**Grade 2**

**Italian**

This term grade 2 students will continue to develop their Italian vocabulary of greetings, numbers, colours, alphabet, days of the week etc. through songs, games and other cultural performances. Integrated with their class inquiry children will explore the myths and legends of Italy / Rome. Children will also be looking at the cultural aspects of how Italians celebrate Christmas.

---

**NEWS FROM VACATION CARE**

We had so much fun at Vacation Care these holidays the children did some gardening, many arts and craft activities, we had excursions to the MCG (where some of the children were lucky to meet St Kilda player Leigh Montagna) and we watched Pixels at the Sun Theatre. We had some fun incursions including Professor Brains with some amazing science facts and experiments, Andy’s Antics who is full of beans engaging the children in many different activities and hilarious. We also had the Werribee Tigers come out with some fun footy drills. Lots of dress ups too :-)

![Image of children at Vacation Care](image-url)
Tuning in to Kids

A six-week parenting program for parents and carers of children aged 2 - 12

Explore ways to:
- help children learn to understand and manage their feelings
- guide their behaviour with appropriate limits and
- promote strong and positive family relationships

Thursdays for six weeks from 15th October to 19th November 5.30 - 7.30pm
Wyndham Private Consulting Suites, Level 1, 242 Hoppers Lane
FREE
No child care available.

BOOKINGS ESSENTIAL
